PFAS

PFAS CRM

CPAchem enables you to develop all your PFAS reference solutions!

- Choice among 125 perfluoro compounds
- Solutions certified ISO 17025 & 17034
- Volumes of 1, 2, 5, or 10 ml
- Choice of concentrations
- Delivery within 12 working days
- Solutions delivered with a certificate of analysis

A circular logo with a dark blue background. The word "PFAS" is written in large, white, bold, sans-serif capital letters. Behind the text, there is a faint, repeating pattern of chemical structures, specifically perfluorinated compounds, in a lighter blue color.

PFAS

Certifications

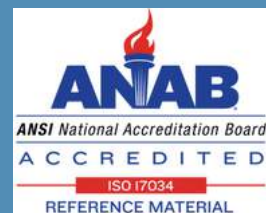

ISO 17025

ISO 17025 is an international standard that specifies the general requirements for the competence of calibration and testing laboratories.

ISO 17034

ISO 17034 is an international standard that specifies the general requirements for the competence of reference material producers.

ISO 9001

ISO 9001 is an international standard that defines the criteria for a Quality Management System (QMS).

All Accreditations obtained by CPAchem cover our entire product range:

- Inorganic
- Organic
- Pharmacopoeia
- Volumetry & Physico-chemical Analysis
